FROM: ROBERT KOENTOP, Environmental Specialist *RK*
Field Operations Branch

SUBJECT: Samples - A. L. Taylor Site

On October 8, 1980, I took samples of both the influent and effluent streams of the on-site treatment system at the Valley of the Drums.

NOTE: The collection pond was pretreated on October 7, 1980; and the system was turned on later that day.

The samples (Two 1-quart samples of each stream) were delivered to the Water Pollution Lab (at Human Resources) the same day.
